

RUSSIA FACES GRAVEST CRISIS IN 13-MONTH-OLD BATTLE

Nazis Spear Anew Toward Stalingrad And the Lower Don

By EDDY GILMORE
Moscow, July 23.—(AP)—Soviet Russia faced her gravest crisis in the 13-month-old German-Russian war today as Nazi armored columns closed in for the second battle of Rostov, speared anew toward Stalingrad and pressed upon the lower Don between those cities in an effort to isolate the Caucasus.

Not since the Mongols were driven from southern Russia 562 years ago had there been such a threat to the military security of the nation, observers said.

Red army men fought bitterly to stem the invasion tides, aware that the Germans were more than half-way along on drives which might split the Russians' southern and trans-Caucasian commands.

Rostov was menaced from three sides—similarly a three-directional threat developed against Stalingrad, 250 miles by air northeast of Rostov. The central and most advanced column was astride the Stalingrad-Likhtaya railway line slightly more than 100 miles west of the Volga city.

Soviet heavy bombers and fighter-bombers pounded long columns of German reinforcements moving into the Don river area last night. Scores of troop-laden trucks were smashed and others fled in confusion, field reports said. Another column was said to have suffered a simultaneous bombing at head and tail.

German and Slovak troops have penetrated fortified bridgehead positions in front of Rostov and have reached the outskirts of the city in further attacks, the German high command said.

The Don offered no protection for Rostov except from attack from the south, for most of the city lies on the left northern bank of the river, 13 miles up from the Sea of Azov.

Along with the peril to Rostov and the drive upon Stalingrad, a dangerous threat faced by the Russians was a German effort to cross the Don at Tsintulysk, 130 miles northeast of Rostov.

A drive of 30 miles across the river at that point would cut Stalingrad's last railway link with Rostov and the Caucasus.

Amid these grave developments, however, Russian counterattacks persisted against the Nazi left wing at Voronezh to the north and about 8,000 Germans were reported killed in the savage fighting.

Some 6,000 invaders were listed as slain in a successful drive to capture a large settlement south of that city. Dispatches said the streets were so cluttered with the dead that Red army assault troops were literally forced to walk over them in mopping-up operations.

The Germans were deep within the north Caucasian area and menacing the Trans-Caucasus, producer of wheat, sugar beets, corn, potatoes, livestock and poultry that helped feed Russia's millions and petroleum, manganese, lead, zinc and naptha for the Soviet war machine.

(Together the two regions total more than 230,000 square miles. (Perhaps reflecting recognition in Berlin that the desperate gamble for Caucasus oil may fail, however, a Bern dispatch said Rumania—still Germany's chief source of petroleum—was expanding her refinery capacity and seeking new producing fields.)

British Army Of the Nile Gains Ground

Axis Center Driven Back in Steadily Mounting Fighting

RAF DOMINATES SKIES

Cairo, July 23.—(P)—General Sir Claude Auchinleck's army of the Nile, attacking simultaneously on all sectors of the El Alamein front for the first time, was reported today to have driven back the Axis center in violent fighting mounting steadily in intensity.

A communique from Auchinleck's headquarters indicated that the British assault had pushed stoutly resisting enemy forces from some of their positions on the El Ruweisat ridge and that the gains had been consolidated.

To the north and south the battle still was raging inconclusively, with British imperials striking savagely at the Axis flanks in a see-saw melee.

Fighting in the coastal sector, the British communique disclosed, centered mainly around Tel El Eisa, El Makh Khad ridge three (Turn to Page Eleven)

Farley Opens Battle Royal

Albany, N. Y., July 23.—(P)—The political royal battle for New York's Democratic gubernatorial nomination, which threatens to become a power-of test between President Roosevelt and State Chairman James A. Farley, broke wide open today with Farley's declaration that U. S. Senator James M. Mead would "make a terrible governor."

Any doubts that Farley would vigorously oppose Mead were dispelled last night when he predicted "pure disaster" for Mead's candidacy and urged him to withdraw. The state chairman is backing Attorney General John J. Bennett, Jr., and already claims more than a majority of convention pledges.

A few hours after announcing his candidacy, Senator Mead called on President Roosevelt to notify the chief executive of his decision, and on leaving the White House, told reporters the president had said, "I am a voter in New York state, but I am not a delegate to the (state Democratic) convention. If I were I would cast my vote for Jim Mead."

PITTSBURGH REPORTS MANY VIOLATIONS

Pittsburgh, July 23.—(P)—Magistrate Frank J. Zappala fined two tailor shop proprietors \$200 each or three months in jail today for blackout violations last night.

When the men said they forgot to turn out night lights in their shops, Zappala said: "You have no business to forget."

A motorist was given the same sentence for driving with his auto lights on. The magistrate signed 14 additional informations, most of them against business houses, on charges of blackout violations.

Nipponese Gain New Foot-hold on Southeast Coast Of Island Across From U. S. Outpost

CASUALTIES ARE HEAVY

BY C. YATES McDANIEL
General MacArthur's Headquarters, Australia, July 23.—(P)—The Japanese, in the first aggressive thrust toward Australia since their smashing Coral Sea defeat, have gained a new foothold on the southwest New Guinea coast, 100 miles across from the vital American and Australian garrisoned Allied outpost of Port Moresby.

Under a terrific bombing and strafing assault from Allied planes, the enemy put ashore a force of between 1,500 and 2,500 troops Wednesday at Gona Mission, near Buna on the Papuan peninsula coast and 150 miles southeast of Japanese-held Salamaua.

General MacArthur's headquarters announced that this landing, in an area where there are no Allied forces, cost the Japanese heavily in casualties, a large transport and a landing barge sunk and a seaplane shot down. The Allies lost two fighters.

Allied airmen first spotted the small, southbound Japanese convoy picking its way along the island-dotted New Guinea coast just before dark Tuesday. They attacked immediately, scoring hits on the transport which later sank, and resumed the assault when the invaders started going ashore early Wednesday.

This first invasion of the Papua peninsula was considered a greater threat to Port Moresby in that it put the invader closer to the Allied base, but to get there overland he will find the going hard.

Facing the Japanese is the Owen Stanley range, rising above 13,000 feet and the peninsula has some of the world's most inaccessible territory.

Port Moresby is garrisoned by Americans, including fliers, and recently-arrived negro ground forces, and some of Australia's hardest and toughest fighters.

LILLIAN GISH RETURNING

Hollywood, July 23.—(P)—Lillian Gish will return to motion pictures, Miss Gish, star of the silent days and long a leading stage actress, signed to play in "The Commandos Come at Dawn." She left for Victoria, B. C., to join Paul Muni and other cast members. Her last picture was made in 1931.

Convoy Lands Large Force Across Pond

London, July 23.—(P)—United States army officials permitted the disclosure that new contingents of American pilots, ground crews, negro troops and other forces whose presence in northern Ireland was announced two days ago, arrived on a large convoy—one of a series which has been bringing forces for a potential invasion of Europe.

The exact composition of the newly-arrived forces and the date of the convoy's arrival were a military secret, but the new force was one of the largest brought to Britain since the first arrival of United States forces in northern Ireland was disclosed Jan. 26.

Aboard the ships, which carried thousands of men as well as quantities of equipment, was a large corps of nurses.

IOWA SIAMESE TWINS HAVE CHANCE TO LIVE

Dubuque, Ia., July 23.—(P)—Siamese twins, born at a hospital here to Mrs. Floyd Sabers, 26-year-old farm woman living near New Vienna, Ia., were said by the mother's physician today to "have a good chance to live."

The girl babies, born Tuesday night, were joined at the base of the spine. Normal in every respect, they weighed a total of nine pounds, 10 ounces.

Americans In Action With British Fleet

London, July 23.—(P)—Rear Admiral Robert C. Giffen, commander of a U. S. Naval task force with the British fleet, disclosed today the force had been in action against enemy aircraft.

Admiral Giffen described the operations as "just the usual thing."

Units of the American force have had flurries with planes but so far have not brushed with enemy naval craft, he said, adding that no severe damage has been suffered.

"Everything is all right so far," he said.

The American fleet units were operating "in the north—against polar bears or something," before the United States entered the war, Admiral Giffen disclosed.

Official arrival of the task force was on Easter Sunday morning, April 5.

Morale of the men in the force is fine and "the kids love their jobs," he declared. Some of them are due in London soon for their first leave in more than a year.

28 ARRESTED ON CHARGES OF SEDITION

Indictment Returned Secretly by a Federal Grand Jury Alleges Attempts to Defeat War Effort

ONE WOMAN INCLUDED

Washington, July 23.—(P)—A federal grand jury has indicted 28 men and one woman in ten states for conspiring to break down morale in the armed forces and thus "obstruct and defeat the war effort."

The indictment, returned secretly Tuesday after nine months' investigation, was announced today by Attorney General Biddle as it was opened in Federal District Court here.

The lone woman defendant is Mrs. Elizabeth Dilling of Chicago, who was mentioned in the indictment as having used as an alias the name Rev. Frank Woodruff Johnson.

The indictment is in two counts, one alleging violation of the so-called sedition law, which carries a maximum penalty of 20 years' imprisonment, and the other alleging violation of a law prohibiting interference with the armed forces which carries a maximum penalty of ten years.

Thirty publications, some of them already barred from the mails as seditious, and 28 organizations, including the German-American Bund, the America First Committee, and the Ku Klux Klan, were listed as having been used to further the conspiracy.

The defendants have been taken into custody in their own localities and all will be brought to Washington for trial, Biddle said.

The defendants include three already under indictment for sedition and four who have been convicted, two for sedition and two for violating the foreign agents registration act.

The indictment alleged that the defendants conspired to urge upon members of the United States armed forces that the United States were ineffective, the United States was safe from attack and that confidence in American public (Turn to Page Eleven)

Test in State Earns Praise Of Officials

By the Associated Press
Pennsylvania tested its air raid protection system last night in a surprise blackout, the state's most extensive to date, and reports agreed that for half an hour the Keystone state offered a minimum of targets for possible enemy raiders.

The lights went out in all but four of the 67 counties when the sirens shrilled at 9:15 p. m., (EWT) the prearranged but unannounced hour for the test to begin. Four flood-damaged counties, Elk, Potter, Cameron and McKean, were exempted.

Thousands of persons were caught in city shopping centers. The signal came much earlier than generally had been expected and air raid wardens and auxiliary policemen got realistic experience in herding pedestrians to shelter and in halting traffic.

For the first time, a number of war plants participated, but some of the factories not on the exempt list and which had been ordered to blackout failed to do so. Officials said they would be cited for violations.

Reports throughout the state indicated the test was carried out more efficiently than the three sectional blackouts last month.

Lifer Dies in 160-Foot Leap

Jackson, Mich., July 23.—(P)—William Tomczik, 46-year-old southern Michigan prisoner, plunged to death from the top of the 160-foot prison tower after having spent the night there in hiding following a killing.

The convict, who had climbed the tower in flight after slaying Andrew Faust, 65-year-old operating engineer of the prison power plant, was killed instantly in his fall.

Lieutenant Howard Freeland, in charge of the night detail of guards at the prison, said Tomczik apparently had jumped from the high tower deliberately. He (Turn to Page Eleven)

Seek Ruling On Building Cargo Planes

Several Admirals Included Among Those to Appear Before Committee

5,000 ARE PROPOSED

Washington, July 23.—(P)—Air-minded congressmen are asking admirals and merchant marine chiefs whether manufacture of cargo planes by the thousands would be the best way to beat the submarines.

They are studying a proposal by Henry J. Kaiser, west coast shipbuilder and engineering authority, that several existing shipyards be devoted to construction of 5,000 giant flying boats, capable of carrying big cargoes on transoceanic flights.

Rep. Mott (R-Ore.), a ranking minority member of the house naval committee, said he thought Kaiser's plan was "entirely feasible" and that he intended to ask several admirals appearing before the committee today to outline the navy's stand on it.

His opportunity to get the navy's views came as the naval committee called in high officers for an outline of steps taken to oust the (Turn to Page Eleven)

James Names Health Chief

Harrisburg, July 23.—(P)—Appointment of Dr. A. H. Stewart as secretary of health ended his duties today with a complete cabinet for the first time since July 1941.

Appointment of Dr. Stewart yesterday came as a birthday present on the 62nd anniversary of the Indiana county native.

He succeeded Dr. John J. Shaw, after whose death June 24, 1941, Stewart directed the department as acting secretary. Paid \$7,500 a year as acting secretary, Dr. Stewart will receive \$10,000 in his new post.

The dismissal of Richard Brown as secretary of commerce, in July of last year during a dispute over the state's tourist advertising began the cycle of cabinet changes. Brown was succeeded by Mark S. James.

Germany Faces Serious Food Shortage, Experts Predicting

BY EDWIN SHANKE
London, July 23.—(P)—Germany and Nazi-controlled Europe will harvest a crop 15 to 20 per cent below normal this year and it is possible a shortage of farmhands and rainy weather may make the deficit still greater, British-American agricultural experts said today.

In addition, these sources declared, Germany can count on only one-fifth of her normal cereal grain imports from fertile southeastern Europe, on which she has been banking heavily.

As a result, the Germans will (Turn to Page Eleven)

LOCAL TEST IS WITNESSED BY DIRECTOR

A. L. Cotton, Western Pennsylvania Chief, Has High Praise For Work of Control Center

"INCIDENTS" SIMULATED

Warren county joined with the rest of the state last night in participation in a half-hour test blackout that was described today by County Defense Chairman Allen M. Gibson as being "at least 99 and 99,100ths percent perfect" and which demonstrated that the county's civilian defense workers were prepared for the surprise alarm.

Although members of the civilian defense corps knew there was to be a blackout last night, only a few selected heads of the defense organization knew the exact time. However, when the alarm sounded at 9:15 p. m., every warden, auxiliary policeman and auxiliary fireman went into action with a precision that bespoke the training which the men have received.

Darkness was not complete when the air raid warning signal sounded, but practically every light was extinguished and the community here became suddenly quiet. Only the movement of air raid wardens and auxiliary policemen broke the eerie silence that enveloped the borough.

While on the outside all was dark and quiet, there was one place in the borough which hummed with activity throughout the blackout. That was the county civilian defense control center, from which all activities are directed during a blackout.

Present at the control center last night was A. L. Cotton, of Pittsburgh, western Pennsylvania regional director of civilian defense. Mr. Cotton was on hand throughout the blackout, when simulated "incidents" were phoned to the control center and steps taken there to deal with the "catastrophes" reported.

At the close of the half-hour test, Mr. Cotton praised the members of the staff for the manner in which the center was operated and stated that it was as smooth a performance under blackout conditions as he has ever seen.

In a short talk prior to the blackout, Mr. Cotton told members of the staff that the Warren control center is one of the finest in the state and that it is being used as a model for others yet to be constructed.

Forrest W. Waite, commander of the control center, said this morning that he was greatly pleased with the members of the staff and manner in which they worked at their various posts.

"Chiefs of the various services—police, fire, air raid wardens, public utilities, etc.—did their work very efficiently, while the ladies who acted as telephone operators, messengers and board clerks proved themselves very capable," Mr. Waite said.

During the half-hour blackout, sixteen "incidents" were reported to the control center. These ranged from "bombing" of the State Hospital at North Warren to the "landing of paratroopers" near the Children's home on Conewango avenue.

While the control center was thus busily engaged behind blacked-out windows, the air raid wardens and auxiliary police performed their duties well. A few violations were reported, but these were not numerous and the cooperation of the general public was good. (Turn to Page Eleven)

"TARZAN'S NEW YORK ADVENTURE" AT LIBRARY

FRIDAY AND SATURDAY

Intriguingly different from the former Tarzan pictures, "Tarzan's New York Adventure," Friday and Saturday at the Library Theatre,

presents the uncivilized king of the jungles battling the dangers of civilization in the midst of the roaring activities of New York.

Johnny Weissmuller, Maureen O'Sullivan and Johnny Sheffield desert their jungle for civilization in what proves to be their most thrilling adventure.

The story deals with the abduction of "Little Tarzan" by a circus man, bent on using him as an attraction. Weissmuller and Miss O'Sullivan start in pursuit, trail them to New York and amid battles with circus roustabouts of the jungle man with clothes and customs of civilization, a riot in a night club, and Weissmuller's sensational dive from the Brooklyn Bridge, they finally regain the boy and, with the aid of a friendly aviator, reach their home in the wilderness again.

TIDIOUTE

Tidioute, July 21—Mrs. Frank Dunbar entertained the members of the W. E. A. at her home Wednesday July 15 for a one o'clock dinner. The regular business meeting was held followed by a program and a social time.

Mr. and Mrs. Roger Oiler of Shamburg are the parents of a daughter born Friday.

During the severe storm Saturday two trees were struck by lightning, one at the home of Mr. Pickerskill and John Sage's. Two windows were broken in Sage home.

The Rev. W. J. Prout of Tidioute, occupied the pulpit of the First Presbyterian church of Titusville on Sunday, Rev. H. M. Stevenson filling his place in Tidioute.

Miss Inez Hyett of Erie is a guest of Miss Lillian Atkins.

Mrs. Emma Boyer Mellinger and husband, who were residents of Lewis Run have moved to Tidioute and will occupy the former home of her father James Boyer.

Mrs. Marion Hetrick and children of Pittsburgh are house guests of her parents Mr. and Mrs. T. C. Hawkey.

Mr. and Mrs. J. J. Follett have returned home from a ten days' trip including Philadelphia and Washington, D. C.

Mrs. Louise Thomson is visiting her mother, Mrs. J. W. Elder.

Mr. and Mrs. J. Heidlmair of Washington, Pa. were recent visitors of Mr. and Mrs. W. Kightlinger.

Mrs. Frank Kapp and Miss Mildred Donaldson, spent the weekend visiting in Port Allegany and Bradford as guests of Mrs. E. Arters.

Rev. and Mrs. E. Scott Byers and children returned to their home in LeRoy, after visiting friends in Tidioute.

Mr. and Mrs. Eisenman of Bradford, spent the weekend visiting the latter's mother, Mrs. Rogers.

Mrs. Anna Thompson entertained at her home Tuesday evening in honor of Mrs. Louise Thompson

of Cleveland, Ohio. Those present were Mrs. Thomson, Mrs. A. T. Kernick, Mrs. G. B. Chase, Mrs. F. R. Jennings, Mrs. G. Norton Jr., Mrs. Karl Merkle, Mrs. Ralph Clinger and Mrs. L. Magill.

Mrs. Carson of Pleasantville, is visiting her sister, Mrs. F. Hodges.

Miss Ethel Holland entertained the "Just a Mere Club" with a picnic at the River Hill grounds on Tuesday.

Mrs. E. Morrison left Sunday for a visit with her daughter, Mrs. B. Burr of Lakewood, N. Y.

Mrs. Arthur Seeger and children of Philadelphia, Mr. and Mrs. Franklin Ulf, of Kane, Pa. were Wednesday guests of Mr. and Mrs. C. A. Ulf.

Because snow piled alongside airport runways by snowplows might imperil planes running too close to it, J. T. Wing Brooks of Allegheny (Pa.) County Airport developed a snow roller that can crush a five-inch depth of snow to two inches on 5800 feet of runway in five and one-half minutes.

County War Chest Combines Joint Appeals of the U. S. O. And the Navy Relief Society

"Many people are apparently unacquainted with the purposes for which the Warren County War Chest has been organized," said W. Floyd Clinger today, commenting on the results to date of the campaign now being sponsored by this organization. "For I am certain our goal would already have been reached if our citizens fully were aware of what the USO and the Navy Relief Society are doing."

"Soldiers in war, even more than soldiers in peace, and much more than the average citizen comfortably settled in his own home, must have some form of recreation and diversion from their arduous and nerve-wracking duties. And that is what the USO is doing for the men in the Army and Navy—canteens and reading rooms at the various forts and camps, where refreshments and good reading material, as well as other forms of recreation, movies, stage shows, etc., are provided free of charge. Most of the letters received by his family and friends are written from a USO Center where that husband, son or brother has gone for an hour or an evening to get a touch of home life."

"The Navy Relief Society, Inc. is an organization which was first started by Navy men themselves, for the purpose of providing for families of Navy men while they are at sea. Posts are established at all chief Naval bases, and here the wives of these service men, most of them strangers to each other, meet and find social recreation. At the present time, the funds of the Navy Relief Society are being used primarily for the assistance of widows and orphans of men who have lost their lives while on combat duty."

"The Warren County War Chest," Mr. Clinger continued, "is combining the appeals for these two causes, because it was felt our people would want to know that the Army and Navy men were being benefited by their contributions."

"The committee in charge of the local campaign felt there were at least 20,000 people in Warren county who would willingly contribute \$1.00 to the cause of helping our boys who have left our own homes—given up the pleasures and comforts of home life—given up their jobs and income—all these sacrifices so that our nation may successfully survive its present crisis and come out of the turmoil a better place in which to live."

"Our campaign result, which shows that less than half of our goal has been contributed, does not speak too highly of the appreciation which we must have for these boys of ours who are fighting a stiff opponent. We must fight with these boys!"

GAS WARFARE RESEARCH

Pittsburgh, July 23.—(P)—A \$12,000 grant from Buhl Foundation has been received by Carnegie Institute of Technology to "enlarge the scope of a program of research in gas warfare and explosives."

Officials of the institute did not disclose the nature of the studies in announcing the grant. They said, however, the research will be supervised by Dr. Ernest Berl, chief chemist in the war ministry of Austria-Hungary in the first World War. He has been research professor at Carnegie Tech since 1933.

CAN'T KEEP GRANDMA IN HER CHAIR

She's as lively as a Youngster—Now her Backache is better

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

GARLAND

Garland, July 21—Miss Myrtle Norman motored to the vicinity of New York City where she met her sister Mrs. Russell Smith and children, who will spend several weeks in Pittsfield with her sister and mother.

The two Graham families here attended the funeral of a daughter of Burt Graham Sr. on Wednesday. The deceased died following a very short illness in the Titusville hospital.

Mrs. James Graham's sisters met with an automobile accident and one is a patient in the Warren hospital. James Graham who recently fractured his shoulder blade and collar bone is at home following a few days treatment in the Corry hospital.

A winner roast was held Saturday evening honoring Edward Stee who left Monday for the U. S. navy.

Mr. and Mrs. Roy Dalrymple of Illinois have been in this vicinity visiting relatives and calling on friends.

Mrs. Hoppe of Pittsburgh, is spending the summer with Laura Simmons and is planning to accompany her to Florida later.

Mrs. D. R. Graham was in town recently endeavoring to dispose of some of her household goods.

A Mr. and Mrs. Fish have moved into the house owned by Chester Radicky.

The new roof on the Presbyterian church has been completed for which many are grateful.

The young people in the village are journeying to Mickle Hill these days where they pick delicious red raspberries on the Monroeville farm.

Mr. Brittain was on the sick list this week unable to work.

Harry Hill is working now in Bradford.

Mrs. Irwin Sr. was hostess to the Woman's Auxiliary of the Presbyterian church on Wednesday afternoon.

The afternoon proved most enjoyable as it was the first opportunity the ladies had had of seeing the interior of their beautiful new home. Mrs. Irwin Jr. played several delightful piano solos and Mrs. Hall, a house guest at the Irwin home, gave an interesting talk on "Women of the past in the Old World."

A States College representative gave a helpful talk on gardens in the N. C. Leofsky home on Wednesday.

The Merle Gibbons family who recently moved to Erie were in town over the weekend.

The last inspection has been made on the bridge work and the whole found to be one hundred per cent, consequently the workmen have left the community.

HAVE ANY CARDS FOR THE SOLDIERS?

Mrs. Albert Rockwell, recognized local bridge authority and member of the executive committee of the Aerican Contract Bridge League, is again appealing to Times-Mirror readers for a worthy cause—collection of used playing cards to be sent to boys in service.

The importance of healthful recreation to the soldier or sailor is well recognized by military authorities and every unit sent out of the country is equipped with a kit of athletic and game supplies. The 12 pinochle and 24 bridge decks issued do not, in most cases, suffice for the demand and the provision of additional recreational facilities for men in training must be largely left to civilian aid.

To that end, the American Contract Bridge League, with its thousands of teachers and members, has started a "cards for the boys" campaign that will reach into every community where there may be used cards available.

In Warren, a box has been placed at the Library Theatre and movie goers or those passing through that section are asked to leave their donations.

KEEP CHILDREN AWAY FROM PLAYGROUNDS

Parents in Warren are advised to caution children against using the playgrounds until officials have completed cleaning and renovating them.

This admonition is issued by authorities in charge in an effort to avert as far as possible an outbreak of disease or skin ailments that may result if youngsters are permitted to make use of the grounds before they are completely sanitary.

A survey shows that considerable debris was deposited during the flood at the Beaty, South Side and West Side grounds. In some instances dead fish have been found, which, if permitted to decompose, will prove a real menace to children.

As quickly as possible the grounds and equipment will be cleaned and placed in proper condition. This will include the renovating and repainting of the wading pool on the South Side. When this work is completed announcement will be made and the grounds will be reopened. Until then, as a health measure, make certain that children remain away from the playgrounds.

I AM AN AMERICAN SOLDIER

Hundreds of thousands of other American soldiers are saying in their own way what was written by Edward Markham, editor of the St. Peter (Minn.) Herald, the night before he enlisted in the United States army in 1917. What he printed then is worth reprinting again and again, especially at a time when a community like Warren is endeavoring to raise a \$20,000 War Chest Fund:

"I am a mother's son. I am the pride of a family and part of a home. I love my life as you love yours. I am a youth in years and experience in life, yet I am a gambler, betting the highest stakes that a man can wager—my life. If I win, you win; if I lose, I have lost all. The loss is mine, not yours; and there is a grieving mother, a saddened family and a broken home to which I can never return.

"I ask only for the Godspeed and support of my nation in return for laying upon the altar of my country my all. For bravery and blood will you furnish bullets and bread? Will you pawn your shekels if I pawn myself? Will you get your gold while I get my blood? Will you hazard your wealth while I risk my life? I am the flower of a nation's manhood, the glory of a noble race. I am the American soldier. I am the Boy in the Trenches."

THE SURPRISE BLACKOUT

Reports agree that so far as Warren county is concerned, the surprise blackout last night was an unqualified success.

Throughout the state, according to Dr. A. C. Marts, the results of the test "were very encouraging."

"It sounds as though this blackout has fulfilled our hopes for it is taking the people a very decided step forward in their ability to meet blackout regulations," he said. "I think the few mistakes that showed up demonstrate one of the best lessons we can have. It showed where misunderstandings can occur and gives us time to correct them before a time of danger comes."

Those Warren victory gardens, which escaped the flood, are beginning to pay dividends now in a big way.

Weather like that of early this morning is a jolting reminder that fall is just around the corner.

WASHINGTON IN WARTIME

By JACK STINNETT

WASHINGTON—Capital madhouse:

A few months ago, he was making nearly \$100,000 a year as a Wall Street executive and director of several corporations. Now he is a government official, laboring in the war effort.

"I used to think all those stories about confusion on the Potomac were just flights of rhetorical fancy," he said as he sat down at the table. "But, man, did I find out."

"THREE weeks after I arrived in town and had been given an office, a push-button, two secretaries and nothing to do, a friend arrived from New York and tried to find me. He called the W.P.B., the O.E.A., Lovell Mclett's information bureau, the White House and the Treasury. They all said, 'I'm sorry but he doesn't work here.' They were right, in a way.

"I never have learned the names of my secretaries. It's not worth the effort. I come to work in the morning and there's a strange young lady at one of the desks. I look at the number to be certain I'm in the right office. Then I look at the young woman again. 'I'm the new secretary,' she says.

"And when I ask what became of the old one, nobody knows. One day I came back from lunch and had two new ones.

"One morning, I came to work early—I couldn't sleep—and I had a new office. The only trouble was nobody could tell me where it was located. It was four o'clock in the afternoon before I found it.

"Man, when you call up a government official and his girl says, 'I'm sorry, he's in conference,' you believe her. This is a conference government.

"They are easy to describe, because they are all alike. One official says, 'Joe, what do you think about the price of tinny nails in Timbuctoo?'

"Joe doesn't think anything about anything, but he'll take it up in the conference that is going to be held day after tomorrow and he'll let us know at the first conference held next week.

"HENRY throws the conference into consternation by announcing that he has something very definite on the girdle and garter situation. It is that at Tuesday's conference he is going to get the preliminary figures on a preliminary survey. He'll send around the preliminary girdle and garter figures at that time and after a period of deliberation, we can discuss preliminary plans at the first conference following.

"After a couple of hours of this, the conferees fly blind through tobacco smoke until they find the door beam and rush off to see what each drew in the way of new secretaries."

(Author's note: The above is almost a verbatim report of a new government war official, who for obvious reasons must remain nameless. It really isn't that bad, but the poor fellow had just come from a conference. A week later, I was in his office and he was working like fury and he had learned the names of both secretaries. One had been with him ten days. The other was a veteran of two weeks.)

MAN ABOUT MANHATTAN

By GEORGE TUCKER

NEW YORK—Maurice Costello was a great matinee idol in his day, and a challenging personality on Broadway. The father of the Costello sisters and father-in-law of the late John Barrymore believed in himself to such an extent that he fought bitter battles with producers and eventually became the first star to see his name in lights ABOVE the title of the play. . . . I mention this because Costello may be seen currently in a picture called "They All Kissed the Bride." . . . But you'll have to pick him out yourself. . . . No credit is given him whatever. His name isn't even mentioned in the billing. . . . Time marches on!

WHEN the summer season got underway at the beaches and resorts hereabouts it was learned that only about twenty-five percent of the people who formerly leased concessions had cared to risk their money against the dual draw-backs of war and nightly dim-outs. But those at Coney Island who took the risk are now making money hand over fist. The warm weather has driven the people to the beaches, and the few on hand to offer refreshments and drinks are striking bonanzas. They're doing twice as much business as formerly.

There remains no way, apparently, to account for the whim that turns successes into failures and failures into brilliant come-backs. Seven years ago when the Theater Guild produced George Gershwin's "Porgy and Bess" it was a costly and disheartening failure. The cast was fine and the music was lovely, but it ran for

only a brief while and the producers swallowed a distressing financial loss.

Seven years later Cheryl Crawford, who admired the work tremendously, brought "Porgy" back to Broadway, and the other night it passed its 200th performance, a solid financial success. The scenes are identical, the cast is largely the same. . . . It's the same story and the same tunes. . . . The only difference this time is that people have flocked to see it in droves. . . . In 1935 they remained away in hordes. I haven't seen a single soul who can explain why.

HERE'S a curious item that fits the present day behind-the-scenes intrigue. Phyllis Sage is a young woman who earns her living by reading the lines in people's hands. You can find her in the "23" room at the George Washington. If you're interested, this is her story.

One night last year, in a Detroit club, a guest held out his hand to be read. Miss Sage suggested that the lines in this man's hand pointed to a fanatical belief in an idea that was doomed to failure. "You're going to lose," she told him.

The man, according to Miss Sage, snapped her up at this intelligence. He seemed in very bad humor. Shortly thereafter he arose and left the room. The other day she saw his picture in the papers. He was G. Wilhelm Kunze, a Nazi band leader, arrested in Mexico and extradited to this country, to stand trial with other band personnel who have been gobbled up by Mr. Hoover and his G-men.

"Count Your Coins in County Quotas"

WHEN you bring the wicker furniture out of winter hibernation, give it a good salt-water bath with a scrub brush. The salt not only cleans but stiffens the wood fibers 'til they look like new and give promise of lasting many more summers.

Rejuvenate—instead of discarding—when Uncle Sam needs all your spare money to win the war. Budget 10 percent of your income for War Bonds—and help your country gain its quota goal!

THEY KNEW COPPER

Savages who roamed both the Old and New Worlds mined and used copper for implements of war and necessities of life long before the dawn of civilization.

"SALADA" TEA

Mayburg, July 22—Last Wednesday evening Pvt. Frank Dunkle of Camp Wheeler, Ga., was honored with a picnic supper at Sandstone Springs by the employees of the Cook Oil lease and their families. After the picnic games and visiting around the campfire were enjoyed by all. On Thursday the honored one left for camp where he was to be transferred to Fort Benning, Ga., for further training in N. C. O. school.

Saturday evening a group of 53 folks gathered at the home of Mr. and Mrs. Chas. Barton for a farewell party honoring their son Pvt. Allen Barton who was inducted into the army at Erie on July 13. The evening was well spent with the usual visiting and music, after which a delicious lunch was served and Allen was presented with a nice purse of money. Everyone went home about midnight wishing the honored one much success in his future training. He planned on leaving for New Cumberland Sunday evening but due to the flood and high water no way of going was available.

I LIKE TO TRADE AT Loblaws

I like to trade at Loblaws because—everything is arranged in such orderly fashion that I have no difficulty in finding the foods I want and I know exactly what each item costs me. Serving myself helps a lot in planning meals. I can browse about and look over the foods and it is surprising how many suggestions I get. Loblaws certainly have a large variety of foods and their prices are so much more reasonable than I formerly paid. I'm convinced that I am saving money and getting exceptional quality in buying all my foods at Loblaws. And—here's a little tip—don't let all that gleaming whiteness of their stores impress you that their foods are higher priced. It's just one of the many Loblaws "extras" you get in addition to Quality and low Price.

Warren Guests Are Home From Wedding Of Marion Ingersoll

Mr. and Mrs. Horace Cray, Market street, and C. J. Cray, Liberty street, returned Wednesday from New York City, where on Sunday afternoon, they were guests at the wedding of their niece, Miss Marion Ingersoll.

The bride is the daughter of Mrs. Raymond Vail Ingersoll, of Brooklyn, the former Marion Cray, of Warren, and sister of H. A. and C. J. Cray. She was graduated this year from Smith College.

The bridegroom, Joseph A. Howell, of New York and Bethel, Conn., was graduated from Princeton University in 1937, taught at the Taft School and was graduated this year from the Yale Divinity School, and ordained in the Congregational ministry.

The ceremony was performed in the garden of the beautiful Ingersoll home on Duck Island, the large bridal party including Mrs. Lyle Craine, of Washington, D. C., who was her sister's matron of honor, Mrs. Craine, the former Asho Ingersoll, was married earlier this year.

Home Economics News

The Cloverleaf Breakfast Club of Rounds Hill met at the home of Phyllis Henrickson. Demonstrations were given by Joann Sanders and Phyllis Samuelson. This 4-H Group is making plans to camp and have recently held a very successful bake sale at Sugar Grove to defray some of the expenses. Plans also were discussed at this meeting for a Mother-Daughter banquet which will be held before the 4-H round-up. The next meeting will be held August 5.

The Gladiolus group met at the home of Mrs. Sperry last week and is meeting today at the home of Dorothy Carlson.

A large number of the members of the 4M's Club of McGraw met at the home of Betty Horton last week. A report was given on the ice cream social which this group held at the McGraw Grange hall recently. Their next meeting will be held July 24.

4H meetings were scheduled last week as follows: The Hilltoppers 4H Club met with Mrs. Nuifer at 9:30 July 13, the Cornplanter group met at 2:00 July 13, the Garland group, 9:30 July 14; Lander group, 9:30 July 15, and the Goodwill Hill in the afternoon; the group at Starbuck and Page Hollow on Thursday, July 16.

SENIOR EXTENSION GROUP HOLDS CAMP FIRE MEETING

The Senior Extension Group recently formed in Torpedo, held a very successful camp fire meeting with 25 in attendance. A program of games had previously been arranged by a committee headed by Helen Eastman, assisted by Mrs. Thelma Prendergast. At their short business meeting, the chairman, Clifford Brooks, appointed two committees with Roberta Day acting as chairman of the constitution committee and Harold Martin heading the program committee. The program committee decided to meet the evening of July 13 to outline events for each meeting during the year. The club enjoyed group singing around the camp fire and after that a weiner roast.

Senior Extension Clubs are organizations for rural young men and women between the ages of 18 and 35 and offer varied and interesting programs. This is the only group of this kind organized in Warren county, but some other committees are considering this activity.

C. P. Lang, assistant state club leader of State College, will be present at the next meeting of the Torpedo group and at that time a constitution will be presented and a program decided upon.

LUNCHEON TREATS

Broiled Tomato Sandwiches
8 slices tomato, broiled
8 slices bread, toasted
1 cup mayonnaise
1 egg white, stiffly beaten

Fold mayonnaise into egg white gently, but thoroughly. Salt broiled tomato slices. Place on slices of toast. Pile with mayonnaise mixture. Slip under medium broiler for 1 minute, or until delicately browned. Yields 8 sandwiches. Note: English muffins split and toasted may be substituted for toasted bread.

Cabbage With Tomato Sauce
Choose a medium-sized cabbage and hollow it out at the top with a knife that has a fairly wide, sharp blade. The hollow should be about 3 inches in diameter; scoop it out to within about 1 inch of the bottom of the cabbage. Plunge the cabbage into boiling water and cook rapidly, uncovered, until just tender. Drain, and fill with this savory tomato sauce: 2 tablespoons onion, melted; 2 tablespoons tomato soup; 3 tablespoons sugar; 2 tablespoons vinegar; 2 tablespoons water. Simmer the shredded onion in butter until soft and yellow. Add the soup, sugar (less if preferred), vinegar and water. Heat well about 5 minutes; pour in and around cooked cabbage.

Voting in El Salvador is compulsory for men, optional for women.

CORYDON

Corydon, July 20—At the Sunday morning church service of the local Nazarene church, a tribute was paid all local young men enlistees in the United States service by the unfurling of a service flag recently purchased by members of the Sunday school classes of the church. As the honor roll was read younger members of the Sunday school dropped a white flower for each. Mothers of the enlistees were presented a corsage of sweet peas. The program was most appropriate and memorable.

"V" Stands for Versatility and Vitamins in Bright Red Tomato

Dear Friends in Warren:

In these vitamin-conscious days, it seems unbelievable that the versatile tomato did not score an immediate hit when it was introduced to American audiences. The descriptive term, "love apple," which never fails to amuse the younger generation, bears out the statement that tomatoes were considered decorative in the garden and front parlor—but utterly useless in the kitchen.

Although modern production and transportation facilities give us tomatoes the year 'round, August and September are the months for tomatoes ripened on the vine. When baskets of fat, juicy tomatoes with smooth and shiny skins begin to be sold at the market, it is a joy to realize that we no longer must figure about how many we can get for a pound for a salad, for baking and for the host of favorite dishes featuring this vegetable.

This is the season when commercial canneries are working around the clock, putting up the whole year's supply of tomato juice, soups, sauces, relishes and canned tomatoes. No limit has been set on this conservation. Home canners, too, are urged to "put up" every tomato they cannot use fresh from the vine.

It was the popularization of vitamin research, less than two decades ago, that sent the tomato soaring in market as an important vegetable crop. Twenty years ago, some 10,000,000 bushels were grown for market; within ten years that output more than doubled and it is still forging ahead annually. Now Americans, who once considered the tomato poisonous, eat more of this vegetable than any other nation in the world.

The value of tomatoes in our diets can never be overemphasized, for nutritionists list this food as an excellent source of vitamins A and C and a good source of vitamin B1. For quick recognition of the contribution of this food, remember that one medium-sized ripe, red tomato will furnish about half of your day's requirement for ascorbic acid or vitamin C, and about one-fifth of the vitamin A needs for a single day. Thrown in for good measure are some vitamins B1 and G.

V stands for versatility as well as vitamins. Start any meal with tomato juice appetizer; serve tomatoes raw in salad, stuffed tomatoes hot or cold, broiled tomatoes with cheese or bacon topping, baked and scalloped in many forms; fried green or partly-ripe tomatoes; use them in soup, in souffles, as a garnish, for color on the vegetable plate, or in combinations with rice and macaroni and cheese. Tomatoes have an affinity for bacon and a section of bacon on top of an au gratin dish adds flavor and nourishment.

Tomato sauces need no introduction to any audience. The addition of a tomato will help to tenderize cheaper cuts of beef, building up the gravy. A veal pot roast gains interest when it is baked with 1 cup of tomato juice. Or heat a No. 2 can of tomatoes and pour over the veal roast after it has been seared in shortening. Season with salt, pepper, a fleck of thyme and 3 or 4 whole cloves.

The variety of ways in which tomatoes may appear would exhaust the abundant energies of the most vigorous culinary expert. Halved tomatoes, sprinkled with a mixture of salt, sugar and a trace of pepper, and dotted with butter, broil quickly and are excellent accompaniments to either fish or meat. For luncheon, stuff raw tomatoes with anything that appeals to your fancy and serve in a nest of crisp lettuce and watercress. Shredded salmon or tuna fish, blended with mayonnaise, celery and seasonings, is a hot weather suggestion; a bit of cooked chicken or veal becomes important when disguised in a bright tomato case. Broiled tomato sandwiches are excellent for luncheon.

While the substantial stuffing makes a main luncheon course, a tomato filled with shredded lettuce and garnished with watercress is a welcome appetizer. Toss the greens in French dressing at the last minute. Tomatoes offset richness in a substantial meal, and this "salad first" treat—preceding a hot rich

main course, is an appetizing variation of a vegetable cocktail. Tomatoes that stand in French dressing lose valuable juices and texture; add dressing to cut or stuffed tomatoes just before serving.

A colorful newcomer in the salad family is tomato mayonnaise. Prepare it simply by combining 1 1/2 cups fresh tomato juice, 1 cup mayonnaise, 1/2 to 1 teaspoon table sauce and 1 teaspoon chopped parsley or chives.

The culinary artist always adds a fleck of sugar to the chilled tomato cocktail and to such cooked dishes as stewed, broiled and scalloped tomatoes. In smaller proportions, sugar brings out the flavor of such vegetables as green peas, beans and carrots. Stewed tomatoes can take about 2 teaspoons.

Freshly squeezed lemon juice is the most common addition to tomato juice cocktail. In some households, a slice of raw onion is put in the juice and removed before serving. Other seasonings are prepared: horseradish, herb mixtures or a few drops of tabasco sauce. Herb mixtures, in a muslin bag, should stand in the cocktail overnight to bring out full flavor. This is contrary to the rule for hot dishes, since herb oils are released more quickly in heat. (Herbs are added to soup or stew about three-fourths of an hour before the end of cooking.)

By the way, the herb authority, Rosetta E. Clarkson, writes in "Herbs: Their Culture and Uses" that basil has a clove-like flavor and is often used in place of pepper in tomato and cheese dishes. Summer savory also fits in tomato treats. One of her favorite tomato recipes is added.

FARM NEWS

Harrisburg, July 22.—(P)—A stout farm kitchen wood box will be a necessary piece of equipment in rural areas this winter.

"Farmers have reason to expect difficulty in getting adequate coal and fuel oil if they are dependent upon railroad transportation," says Chairman James E. Walker, of the Pennsylvania War Board. "On the other hand, a woodpile of adequate proportions to meet farm heating requirements is always good business."

Walker also warned that conservation principles should be followed in producing fuel wood, adding that when poor quality trees are cut in accordance with good forestry practices, the timber stand will be greatly improved.

The federal-state crop reporting service looks for large decreases in two of Pennsylvania's fruit crops this year.

A survey of the service indicates the peach crop will total 1,695,000 bushels compared to 1941's 1,845,000. The estimate for this year, however, is still above the previous 10-year average of 1,555,000 bushels.

The cherry crop, the service estimates, will run about 8,700 tons as compared to 9,800 tons last year and the 10-year average of 7,704 tons.

Increases are estimated for: Pears which should total about 428,000 bushels against 350,000 bushels last year, and grapes, which may total 18,800 tons compared to 13,500 tons in 1941.

The service reports no figures available on the apple crop, excepting a recent survey which showed the crop to be 63 per cent of normal in comparison to 60 per cent of normal last year.

Pennsylvania farmers purchased 323,102 tons of lime and 18,839 tons of superphosphate as part of the 1942 AAA program, compared to 172,215 tons of lime and 16,523 tons of superphosphate in 1941, declares Clyde A. Zehner, vice-chairman of the State Agricultural Conservation Committee.

The 1942 agricultural conservation program ends August 31, which means the above figures are almost complete for this year, Zehner added.

Although there was a reduction of two per cent in tobacco acreage culture estimates that production

WRIGHTSVILLE

Wrightsville, July 22—Miss Lillian Hultman of Jamestown is spending this week with Mr. and Mrs. Arthur Hultman.

Mrs. Adia Strand, Mrs. Wilton Strand and son Donald spent last Wednesday with the former's daughter Mrs. Manley Johnson.

Mrs. Maurice Irvine and daughter Mary, are spending a few days at the home of her parents, Mr. and Mrs. William Saunders.

Mr. and Mrs. Everett Scamens have received word from their son Cecil who is on maneuvers in Dillworth, North Carolina.

Mrs. Norene Stewart and Tommy Dean of Buffalo, were callers at the home of Mr. and Mrs. Rea Eggleston Saturday.

Mr. and Mrs. Clarence Sandberg and son of Celoron and Mr. and Mrs. Clyde Hagle of Erie were Sunday guests at the home of Mr. and Mrs. John Sandberg.

Mrs. Wilton Strand attended the Freehold church Aid at the home of Mr. and Mrs. Urno Gustafson of Miles Run.

Mrs. Harold Morris and daughters Carol and Laura of Pittsburgh were weekend guests at the home of Mrs. Esther Clark.

Mrs. Lina Eggleston was a Jamestown visitor Monday.

Miss Eleanor Danielson of Miles Run is visiting relatives in Jamestown.

Mr. and Mrs. Burnell Huff were visitors at Celoron, N. Y., Saturday.

Mr. and Mrs. Frank Stowell and granddaughter Charlotte and Julia Hallgren and Pauline Meehan were callers at Panama, N. Y., Sunday.

George Yates, a former resident of this place, now of Portland, Oregon, is visiting his brother, Wm. O. Yates and relatives and old friends.

This is his first visit since he went west 16 years ago. Mr. Yates has invented a type of airplane made of spruce wood which he makes. He has an order from the government for these planes, as a tow for gliders.

Mr. and Mrs. James Durlin and daughter Alberta were Sunday visitors at the home of their daughter, Mr. and Mrs. Howard Hopkins of Russell.

Campaign For Enforcement Of Law Opens

Eight "enforcement zones" including portions of Elk, Cameron, Clearfield, Jefferson, Clarion, Forest, McKean and Warren counties within a radius of 50 miles, have been laid out by officials of the Wage and Hour Division, U. S. Department of Labor, for the purpose of obtaining complete compliance with the Fair Labor Standards Act by industries within the "zones."

Inspectors of the Division, working out of the field office at Room 201, Postoffice Building, Ridgway, will make investigations in the natural gas, lumber, paper, carbon, radio parts, lamp bulbs, coal, glass, clay products, oil and war materials industries, to ascertain whether employers are paying the statutory minimum wages and paying at least time and a half for all hours worked in excess of 40 per week.

Particular attention will be paid by the investigators to cases of child labor in the various industries and enforcement of the Act dealing with the employment of children in hazardous occupations.

Inspectors will "move in" to the designated zones and contact all establishments in the various areas. At the same time, the inspectors will be available for supplying official and authentic information on the Act.

The inspectors will open temporary field offices in the principal cities of the area as the campaign progresses. These cities will include St. Marys, Emporium, Kane, Clearfield, DuBois, Punxsutawney, Brockway, Brookville, Clarion and Warren. The locations and the time these temporary field offices are open will be announced later.

While it has been said that dark-eyed men are supposed to see better for night flying, it's now claimed that blue-eyed lads are superior marksmen.

Lady Soldiers Get Inoculations

Like men who join the Army, members of the WAAC now training at Ft. Des Moines, Ia., must take inoculations for various diseases. Here Gladys Marson of Los Angeles gets her shot in the arm from Col. Thomas Harwood.

WARREN COUNTY DAIRY ASS'N

Farm Calendar

Control Bean Beetles—Mexican bean beetles can be controlled by spraying or dusting the undersides of bean leaves with a quick-acting insecticide. Entomologists of the Pennsylvania State College recommend the use of rotenone after the pods are formed, but before that magnesium arsenate may be used. The rotenone is not poisonous to humans, while the arsenical compound is.

Cow Testers Needed—Pennsylvania dairy herd improvement associations need testers. To meet the demand, a 2-week training course will be given by the Pennsylvania State College from August 3 to 15. Boys and girls, too, who have had dairy farm experience and who are interested may obtain detailed information from their county agent.

Stake the Tomatoes—Gardeners who planted their tomatoes close now have the job of staking and

pruning them. Penn State vegetable specialists say that stakes 5 feet tall, are placed 6 inches from the plant. Small branches are pinched off to allow a single stem to grow, and this is tied to the stake with soft twine.

Ship Pulpwood by Rail—Maple pulp companies are encouraging the shipping of wood to the plants by rail, report Penn State foresters. The producer should load a full carload of one class of wood, which can be unloaded with machinery into the chipper.

Use Salvaged Material—Properly prepared and used, salvaged material can be of great value in farm construction, now that so many building materials are scarce, say Penn State agricultural engineers. Beware of Parasites—Sheep owners must treat their sheep for the control of internal parasites every 21 days, declare Penn State livestock specialists, because conditions favor incubation of the pests.

"I'm glad I need orange juice!"

Everyone likes its flavor
...is helped by its vitamins!

What other food combines such delicious taste with such a wealth of healthful vitamins and minerals?

A BIG glass of orange juice gives you valuable amounts of vitamins A, B, and C; calcium, and other essential minerals. It's the best practical way to get the large supply of vitamin C you need every day! Have it regularly at breakfast.

Put orange-vitamins in lunch boxes too—in summer salads and sugar-savory desserts. California oranges are easy to peel, slice and section.

FARM MISHAP FATAL
DuBois, July 23—(P)—Injuries inflicted by a harvesting machine July 7 caused the death Tuesday of Joseph C. Froelich, 78-year-old farmer of Winslow township. One of his legs, badly cut, was amputated after complications developed.

An automatic control stops idling of a motor while the vehicle is parked, thus saving gasoline.

Another Firm Flies Minute Man Insignia

Another local firm was added to the rapidly growing list of those in the community which are flying the Minute Man flag, indicating that at least 90 percent of the employees are participating in the payroll deduction plan for the purchase of war savings bonds.

The latest company is that of William F. Crossett, Inc., with headquarters at Stoneham.

Mr. Crossett reported this morning that his employees are participating one hundred percent in the regular purchase of bonds. This includes shop and office employees, as well as drivers, both in Warren and out of town.

The firm recently erected a 50-foot flag pole at the Stoneham plant and today the Minute Man flag was hoisted there, flying beneath the flag of the United States.

Change Plan For Program

Byron Swanson, musical director for Youngsville school announced that due to a change in the Chautauqua schedule it has become necessary for members of his music department to change their original date of Saturday, July 25, to Wednesday, July 29, for their outing to the institution.

This trip is available to all members of the band, orchestra and choir and those desiring to go are asked to make known their intentions by enrolling on the list to be found at the Aberg restaurant.

Those participating in the outing will have the privilege of hearing Ernest Hutcheson, famed pianist, in recital with the symphony that evening.

BOYS IN THE SERVICE

Private John Ober, stationed at the Meadville training camp, spent yesterday in Warren with his family while en route home from a business mission to Scranton.

Friends will be pleased to know that Joseph L. Scheerer has just been graduated from officers training school at Fort Benning, Ga., and received his lieutenant's commission. He and his wife have arrived for a visit at the home of his parents, Mr. and Mrs. L. J. Scheerer. Also guests at the Scheerer home are Mr. and Mrs. Robert Coates and daughter, of Erie; Mr. and Mrs. Fred Heymann, of Easton.

In Wednesday's issue, the present address of Pfc. Ralph Leary, son of Mr. and Mrs. Lavern Leary, 17 Cedar street, was incorrectly given. The proper address is Co. P, 637th T. D. Bn., A. P. O. 37, care of Postmaster, San Francisco, Calif.

Emerson K. Fisher, who has been spending a short furlough with his parents, Mr. and Mrs. John H. Fisher, Canton street, has left for Ottawa, Canada, enroute to England for service with the Royal Air Force.

Following three months' training in Tulsa, Okla., the young man recently was commissioned as a Pilot Officer and upon his arrival in England will take an advanced training course in the operation of four-engined bombers before being assigned to combat duty.

miles to the southeast and Meteor-ia, three miles further south. Semi-official advices from the front indicated that the British had gained some ground in this area and on the southern flank, although Auchinleck's headquarters was not specific on this point. In London, military experts said it was obvious that the British chieftain had been heavily reinforced in armor and artillery and was moving forward in all sectors with the intention of forcing a decisive battle.

Heavy dust storms were reported to have limited the support which the RAAF was able to give British ground forces in the early phases of the battle yesterday morning, but later in the day bombers and fighters entered the fight on the central front with telling effect.

Tomczak made his leap a few minutes after the morning bugle call at the prison at 5 o'clock, Freeland said. He had then been on the tower top about 11 hours. Freeland said the man had blindfolded himself before leaping, either with a handkerchief or with a strip of his shirt.

CORYDON

week's visit at their cottage here Mrs. B. M. Stoltz and the C. C. Brownes were callers of late in Allegheny, N. Y.

Mr. Alfred Shade has been spending time in Salamanca, owing to the serious illness of her brother, Earl Hook. The Carl Laubachs have been entertaining friends from Washington, D. C.

Mrs. John Schuler spent the past week in Jamestown, with her daughter and family. Mrs. Chas. Whyte was hostess to the C. E. N. Club. Five hundred was played and Mrs. C. E. Bottorf was winner of high honors.

Few, if any, of the many local men employed in Warren were able to get to Warren Monday morning owing to high water. Mr. and Mrs. Mills, of Kingsville, Ohio, spent the weekend with the Rev. and Mrs. J. Paul Miller and his sister, Bradford, were visitors Sunday of Mrs. Blanche Kennedy.

Kenneth Arrowsmith, Erie, spent Sunday with his mother, Mrs. Rose Arrowsmith, a guest of Mrs. O. J. Tome. The C. C. Brownes visiting her parents, Mr. and Mrs. B. M. Stoltz, the past ten days have returned home. Mr. and Mrs. John Hedden and son, Allegheny, were weekend guests at the Stoltz home.

HIKE IN TAX BILL URGED BY MORGENTHAU

Secretary of Treasury Calls For Two and One-Half Billion Dollar Boost to Meet Obligations

WOULD JUMP LEVIES

Washington, July 23.—(P)—Secretary Morgenthau called for a two and one-half billion dollar boost in the tax bill today with a warning that only bold war taxation could bring America a sound economic future.

He appealed to the senate finance committee to increase the house-approved \$8,271,000,000 tax measure to a minimum of \$8,700,000,000. Substantially, the administration asked the same revenue from the same sources proposed to the house last month. He pointed out that since these proposals were made, the schedule of war spending for the current fiscal year has been stepped up by \$14,000,000,000 while the house sliced about \$2,400,000,000 from the revenue measure.

"If the house bill were to become law," he said, "it would be necessary to borrow from the public during this fiscal year about \$53,000,000,000." Compared with the house measure, Morgenthau asked new individual income taxes be boosted from \$2,872,300,000 to \$3,228,000,000; additional corporate taxes, including excess profits, increased from \$2,589,200,000 to \$3,347,000,000 revised excise taxes to be raised from \$816,800,000 to \$1,253,700,000; changes in estate and gift taxes to produce \$18,100,000; and removal of "loopholes" to bring in another \$601,500,000. Of most importance to the general public, Morgenthau requested a scale of personal income tax exemptions of \$500 for single persons, \$1,200 for married persons, and \$300 each for dependents. The present law is \$750, \$1,500 and \$400, and the house voted for \$500, \$1,200 and \$400.

28 Arrested on Charges of Sedition

lic officials was misplaced and unwarranted "for the purpose of obstructing, and designed and intended to mislead, obstruct and defeat the preparation of our national defenses against aggression and invasion and the national war effort."

The defendants were charged also with having carried on "a systematic campaign of personal vilification and the defamation of the public officials of the United States government" in order to convince members of the armed forces that "such public officials are traitorous, corrupt, dishonest, incompetent, un-American, and mentally unbalanced."

At the same time, the defendants were alleged to have propagandized the armed forces to show that the Axis powers did not constitute a real danger to the United States, had no intention of threatening the United States, that expansion of the armed forces was unnecessary, and that American public officials sought to "provoke" war with "peaceful nations, such as Germany, Italy and Japan."

Republic to Comply With Board Order

Washington, July 23.—(P)—The resolution of the policy committee of the CIO, United Steel Workers, accepting the 44-cent daily increase allowed by the War Labor Board in the "Little Steel" case, was placed in the congressional record today by Rep. Holland, Allegheny county, Pa. Democrat, as an indication of the patriotism of "the men who work in the mills."

Bland (D-Va.), chairman of the house merchant marine committee, said that there was a "definite probability" that his committee would call in Kaiser and War Shipping Administrator Emory S. The attitude of the admirals and the deliberations of the merchant marine committee may decide whether legislation will be introduced to translate Kaiser's plan into reality.

Obituary

DR. GUY L. BROWN
Youngsville, July 23.—Word has been received here of the death of the Rev. Dr. Guy L. Brown, 71, a former Youngsville resident, which occurred at the home of his daughter, Mrs. Pauline Little, of Wichita, Kans. He is survived by his wife, two daughters, Mrs. Little and Mrs. Harold Pickler, of Cheney, Kans.; three sons, Donald, Carroll and Leslie, all of Wichita; two brothers, Lyle Brown, of Youngsville, and Robert Brown, of Pittsburgh; a sister, Mrs. Iris Leans, of Los Angeles, Calif., and a foster sister, Mrs. Ellen Froedling, Dunkirk.

Dr. Brown was born in Youngsville and spent his early years here. He was ordained in the Baptist ministry at Stockton, N. Y., and served pastorates in Buffalo, N. Y., Trenton, N. J., Wichita, Kans., Jamestown, N. Y., and Watertown, N. Y., where he retired because of ill health. Funeral services were held in Wichita.

MRS. G. H. KNOPP
Funeral services in memory of Mrs. George Henry Knopf, Jackson street extension, were held at 2:30 p. m. Wednesday at the Peterson Funeral Home. The very largely attended rites were conducted by Major B. E. Flinn, local Salvation Army Corps official, assisted by Dr. James A. Davidson, pastor of the First Baptist church. Vernice Moser sang two hymns, "Does Jesus Care?" and "Good Night and Good Morning," and the Salvation Army Band played "It Is Well With My Soul."

At the graveside in Oakland cemetery Major Charles McNally sounded taps. Those who acted as bearers were F. J. Kittel, Edward C. Smith, Charles Flinn, James Painter, Alec Gregg and Robert Flinn.

Those who came from out of town to attend the services were Mrs. Louis Weinberg, Cleveland, O.; Major and Mrs. Charles Schaeffer, Charles, Lillian and Betty Schaeffer, Chester, Pa.; Captain and Mrs. Oaks, Clearfield; Mr. and Mrs. Wilbur Underwood, Meadville; Mr. and Mrs. Donald Underwood, Jamestown, N. Y.; Mr. and Mrs. Percy Underwood, Lakewood, N. Y.; Mr. and Mrs. Charles Buhl, Mr. Myron Buhl, Mrs. R. F. Seybert, Kane.

CARD OF THANKS

We wish to thank our friends for their many kindnesses, floral offerings and use of cars at the time of our recent bereavement.

Violators of the blackout regulations during last night's test will be summoned to appear before a justice of the peace to answer for their failure to comply with the civilian defense law, passed by the special session of the legislature last spring.

It was stated that at least a half dozen violators from Warren borough will be given hearings, as well as an undetermined number in outlying districts.

Violation of the blackout law carries a severe penalty, including fine and costs and possible imprisonment. In the first blackout here, violators were released after being given warnings. However, those who deliberately disobeyed the regulations last night will not get off so easily.

Last night's blackout found many more people with shelter rooms available in their homes and more business places prepared to continue business as usual, defense officials said. However, it was pointed out that many have not yet made any preparations for possible emergencies.

Following last night's blackout, members of the staff at the local center enjoyed a lunch of coffee and doughnuts. Control center officials today expressed their deep appreciation to the Warren Baking Company for the donation of the doughnuts, to the Walker Creamery Products Company for contributing cream, to officers of the police department for their assistance and to all others who made the refreshments possible.

Before and after the blackout, members of the control center staff attended a first aid class on chemical warfare agents with Victor VerMilyea as instructor.

Rehabilitation in Flood Area to Require Several Months

Food waters in McKean, Cameron, Elk and Potter counties. Lukehart said the homeless were being given shelter at homes of neighbors while Red Cross case workers sought to procure quarters for them. He reported 500 persons were still being fed at a Red Cross canteen in Port Allegany.

The WPA allotted \$15,000 to aid the cleanup work in the four counties. Most of the work will be in the Port Allegany region, State Administrator Richard L. Irvin said at Harrisburg. John H. Light, state secretary of agriculture, said that preliminary reports have indicated heavy losses of foodstuffs in various areas of the flood-lashed communities.

The body of a man found caught on brush along the Allegheny river two miles below Port Allegany was identified as John Scott, 73, Scott, a resident of the Mill street section of Port Allegany, was one of the flood's first victims, being swept away by raging Lillibridge creek.

LUDLOW NINE SET TO PLAY HERE FRIDAY

Fans who cherish showmanship as well as a good brand of baseball should quickly take to "Greek" Harampolis, stellar shortstop for the Ludlow Wildcats, when he accompanies his teammates here for a fracas against the Eagles on Russell Field tomorrow evening.

A fine defensive player, "Greek" also wields the mightiest bat the Ludlows possess, has credit for several home runs already this season and will be gunning for the fences when the two teams get together tomorrow night.

Harampolis is a veteran of the Ludlow club, having played the past three seasons with the Wildcats, and he generally is the player remembered longest by fans who have seen the Ludlow nine play because of his antics at shortstop.

These, however, are entirely a part of his amiable character, nothing false about the way he plays baseball or honors the crowd at frequent intervals.

Besides Harampolis, the Ludlows boast Brothers George and Johnny Jubon, dangerous hitters and outstanding fielders. Johnny, a graduate with this year's class at Ludlow, was outstanding on the basketball court last season for the high school Giants.

Right now it can be said with confidence that these lean, keen-looking youths, who are getting leaner by the minute as they toil for the glory that once was Yale's, are going to be the most drilled squad Yale ever fielded.

Whether it also will be the best drilled squad and whether Howie Odell, the new youthful and likeable head coach is going to put a stamp of defeat at Yale, is another matter.

Ask Howie how things are going and he beams: "Fine, just fine. This squad is wonderful—couldn't be better."

Odell was reminded that more than one grandstand quarterback watching Yale drop 14 of its last 16 games, had charged that Yale players not only were inept, but didn't care—weren't especially interested in playing football.

"I don't have to refute that," said Odell. "Just look out there."

Stoneham vs. Morrisonmen This Evening

Western Pa. Junior Golf Tourney Opens

Stoneham and the Flock were scheduled for last evening but a steady drizzle squelched festivities and the slate for next week now becomes most complicated.

The tentative schedule, which has yet to be agreed upon by loop managers, will call for the Hospital and Eagles to scrap Monday night, the Forge and Birds to mix on Tuesday evening, Hospital and Stoneham on Wednesday, and Stoneham and the Eagles Thursday, ending second half competition.

Every team is involved in the complicated program, but no serious he or she is in the way of any club as a result, and the Eagles have already consented to accept the coming week's program.

Odell Builds Most Coached Eli Grid Team

New Haven, Conn., July 23—(P)—Until very recently Yale football aspirants weren't even supposed to look seriously at a ball until September 15 but you'd never guess it to watch the lads in action under the broiling July sun that is currently baking these parts.

Right now it can be said with confidence that these lean, keen-looking youths, who are getting leaner by the minute as they toil for the glory that once was Yale's, are going to be the most drilled squad Yale ever fielded.

BANK SHOTS

BY FLOYD PASSINGER, Sports Editor

The organization of the new Tri-County Baseball League brought verbal comment pro and con to the ears of this writer, and one of the most noted remarks against the circuit was that "no one" would trek to Irvine to see the Forge play Cory. . . This little opinion was voiced before the Merchants had met the Forge last Friday night in that historical little fray, and Friday night's contest at Cory in which the Merchants pinned back the ears of the Irvine clouters added new light to the discussion of the league. . . In our own opinion, having suggested such a loop only a week before it materialized (though we're not taking any credit whatsoever because the wheel happened to be organized), it looks like a good plan for all four teams entered. . . Only the cellar-placed team will have to worry, and they're evenly matched so that the cellar club may be in a challenging spot right down to the wire. . . But returning to the argument that no one would watch Cory play at Irvine. . . Regardless of whether or not the Merchants would have won last Friday night, just as many ball fans would go to see Cory play at Wilder Field as any other semi-pro opponent in the area, and a league will bring out more interested baseball followers than the independent brand of ball, of which fans quickly tire. . . And turnouts down there this season being the basis for our judgment, any effort to remedy the situation would be a boon to the NFO business management. . . Yes, the four league members may all find a financial retreat in the new Tri-County circuit, for certainly they can do no worse than in the independent ranks, which this year have been fruitless, indeed.

Now that New Jersey has its new Garden City race track and the sport has been revived in that state after a 50-year lapse, Pennsylvania is completely surrounded by race tracks—New York, Delaware, Maryland, West Virginia, Ohio and Jersey. . . Harry Grayson, NEA Service sports ed., points out that Pennsylvanians each year contribute large sums to taxes of a half dozen other states while the solons try to keep Pennsylvania clean and nice. . . The city of Pittsburgh without a race track when outlying Garden City can draw 31,682 people in Jersey, only goes to show that we Keystone Staters are missing a lot, not the least of it being in revenue. . . Olean's Bradner Stadium, 20 feet under water during the height of the early week flood, was the cause for the Orioles being forced to play games on the road for 10 days at least. . . Saratoga, the place where racing quality comes first and the bank books second, opens a week from today and will run through August 29. . . Athletics are now compulsory at Princeton. . . This summer, for the first time, every undergraduate is being required to take part in two periods a week in one of eight fields—football, track and field, rowing, tennis, swimming, gymnastics and combative and group sports.

Stoneham and the Forge face each other for the first time tonight in the Sunset League. . . Game time is 6:15. . . Tomorrow night it'll be Ludlow vs. Eagles, weather okay, completing the local card for the week. . . But last night's game rained out and postponed until next week, the Sunset circuit is warming up for a hot and heavy second-half finish. . . The Hospital, Eagles and Forgers make quite a corps of storm troopers.

ROYALTY MAY WATCH BOUTS NEXT MONDAY

Pittsburgh, July 23—(P)—Two former boxing champions appearing on a fight card at Forbes Field Monday night have sent invitations to King George of Greece and King Peter of Yugoslavia to attend the program.

Anton Christoforidis, Greek battler from Cleveland who is a former NBA light heavyweight champion, telegraphed an invitation to King George. The invitation to King Peter was sent by Fritz Xivie, ex-welterweight champ.

Christoforidis, slated to meet Mose Brown, McKeesport negro, said he is personally acquainted with King George. He added the king might come to Pittsburgh to attend the Greek-American Progressive Association Convention which opens here Sunday.

Zivie, whose father was born in Yugoslavia, will fight Norman Rubio of Newark, N. J.

The dapper Dan and Variety Clubs, both charitable organizations, are helping promote the five ten-round bouts with the aim of a \$70,000 gate. The Variety Club is arranging a 90-minute entertainment program to precede the fights.

Hanover Colt Hikes Rating With Trotters

Old Orchard Beach, Me., July 23—(P)—Nibble Hanover, Dunbar Bostwick's champion stallion, makes his first start of the year on the Kite Track today in the Grand Circuit's \$2,300 Goldsmith Maid stake.

It was in the same race here a year ago that Nibble Hanover set a world's record for consecutive trotting heats by stepping the first trip over the Kite in 1:55.4, the second in 1:59 flat.

Five other trotters, including the four-year-old His Excellency, which won a mile race in 2:05 over the half-mile Roosevelt Raceway track last week, are entered for today's feature.

Colby Hanover strengthened his rating as Hambletonian favorite by capturing two of three heats of yesterday's National Stake for three-year-old trotters from several of the strongest contenders he will meet in the August classic.

SPORT SHORTS

New York, July 23—(P)—In respect to the memory of M. L. Annenberg, publisher who died Monday night, all racing form books will be shut down today between noon and 2 p. m. (EWT), at which time his funeral will be held.

Annenberg was publisher of the Turf Dailies, the Daily Racing Form and the Morning Telegraph.

Kansas City, July 23—(P)—Don Pierce, 23, All Big Six Conference football center at the University of Kansas in 1940, but unable to pass army physical examinations, has accepted an offer to play pro football.

He'll report to the Princeton, N. J., training camp of the National League Brooklyn Dodgers August 9, he said. He was barred from the army by asthma, but the breathing disorder has not interfered with his gridiron performances.

Pierce has been a reporter on the staff of the Kansas City Star for the past year.

Long Wait
HE poured whisky in the glass and added some water from the faucet. He rolled some of the mixture around in his mouth, said: "Ahh, and drank. Leaning against the sink, he held the glass up and studied it.

"When're you going to tell me the rest of it?"
The question brought Joyce up with a start.

"But I've already told you." He looked at her and grow up. "Have you?" He said, then, removing the pressure of his glance, "All right. Whenever you're ready."

They went back to the living room and found Delia pacing the floor. Joyce sat down and glanced at her watch. It was ten minutes of twelve.

"You know what you're going to say?" Fenner was watching Delia and she stopped pacing. "You have the envelope?"
"Oh! Delia put her hand to her mouth. 'But I haven't.' She looked at Joyce. 'I mean—'

MRS. MURDOCK TAKES A CASE

Chapter 27
"Just Nervous"

ALL along Joyce had told herself that Ward Allen could not have killed Clarke, but this, she realized now, was simply because she wanted to believe. There was no logic in such a belief; she was trying to reason with her emotions. If Ward was found guilty, Delia's happiness, her life even, would be ruined; therefore Ward was no guilty. And yet.

"Even if he did," Thorndike was saying, "we're all going to stick by him. We'll see him through this."

"If he killed him he was justified," Delia said resolutely. "He must have had good reason to. I won't believe he did and even if I'm wrong it won't make any difference. I love him."

"Well, it's no good worrying about it yet," Thorndike said. He pulled up in front of Delia's apartment house.

Joyce and Delia got out and thanked him. When they entered the foyer they found Jack Fenner waiting for them. He looked very neat and well-groomed, his hat was in his hand, and his upward-slanting eyes observed them deliberately.

"I got here a little early," he said. They went upstairs, taking off hats and coats and settling down in the living room. Delia got a box of cigarettes and an ashtray and put them on the table beside Fenner's chair, and he watched her move about, his smile of approval constant.

Conversational the going was awkward for the next few minutes. They talked of this and that, and Fenner asked Joyce where Kent was and she explained, and the quiet crept in on them again.

"You haven't told him?" Fenner asked.
"About this?" Joyce said. "No, I told you I wouldn't."

Delia stood up and walked over to the windows. Joyce and Fenner watched her and when she became aware of their inspection her face twisted in a rueful smile and came back.

"Just nervous," she said.
"That's okay," Fenner said. "You've got a right to be." "You'd like a drink, wouldn't you?"

"Now that you mention it," said Fenner, grinning. "I think I would."

"I can get it," Joyce said. "In one of the lower cupboards," Delia said.

Fenner crept in on them again, the chair. "I'll go with you." In the kitchen Joyce found a bottle of Scotch. "I'll get you some ice."

"Never mind," Fenner said. "Ice dilutes it."

SPURIOUS GASOLINE BOOKS ARE REPORTED

Philadelphia, July 23.—(P)—The regional Office of Price Administration today began an investigation of reports that counterfeit gasoline rationing books are being offered for sale in eastern Pennsylvania.

L. N. Holt, chairman of the Lancaster County Commodity Rationing Board, said books were offered for sale at prices ranging from \$1.40 to \$2 in Lancaster.

Counterfeiters are at work in Philadelphia and other eastern cities, the OPA said it had been told.

LUDLOW

Ludlow, July 21.—An enjoyable time was spent at Wildcat Park Thursday afternoon and evening when the annual church and Sunday school picnic of the Moriah Lutheran church was held. There was a turkey supper served at 6:00 p. m. and later in the evening songs sung around a huge bonfire.

Luther League was held Friday evening at the Moriah Lutheran church. After Scripture and prayer, the program was conducted by the president, Neil Johnson. The following new members were welcomed into the league: Mr. and Mrs. Homer Gilfert, Rose and Violet Anderson. It was decided upon to send to Private Danny Fox a telegram of good wishes for his speedy recovery. Private Fox is a patient in the Camp Folk, La., hospital after undergoing an operation. The program was as follows:

Vocal solo—Mrs. Emil Nelson, reading—John G. Johnson, piano solo—Mrs. Raymond Shaffer, reading—Mrs. Axel Mortenson, vocal solo—Mrs. E. O. Nelson, reading—Mabel Peterson.

The business meeting was conducted and refreshments served on the church lawn. Those on the committee were Mr. and Mrs. Sherman Mattison, Joyce Wallin and Wallace Hanson.

The next meeting will be in the form of a weiner roast to be held at Wildcat Park. Those on the committee will be: Mr. and Mrs. Enoch Nelson and daughter Louise, Mrs. W. W. Connelly and Mrs. Emil Nelson.

C. J. Anderson celebrated his 75th birthday anniversary Thursday, July 16th.

First Period At Camp Here Is Concluded

The first period at Camp Olmsted, summer camp of the Warren County Boy Scout Council, ended yesterday and 112 more Scouts entered camp to begin the second period of the season. Scouts who attended the first class period claimed it one of the most thrilling experiences in recent years because of the opportunity they had in watching the rising waters of the flood swollen Allegheny river and the efforts of the camp staff in rescuing the waterfront equipment which was swept away. The docks, diving platform and three boats were lost during the flood, but the staff was able to recover all boats and locate the docks at two points down stream. During the period of the flood all Scouts were kept in the camp away from the river though they had plenty of opportunity to observe the river from the high ground of the camp. While roads to the camp were all under water the supply line to it was maintained by bringing food over the hills near Germany through the forest. Troop project awards for camp improvement were made to Troop 4 of Warren for the building of a Council ring, Troop 8 of Warren for construction of three bridges, and Troop 50 of Ludlow for the roofing of cabins. It is expected that by the end of the week camp waterfront equipment will have been returned to the camp and regular aquatic activities will begin again. Camp officials emphasize that no water activities of any kind will be held until all safety equipment is in place and the river is satisfactory for swimming purposes.

SUGAR GROVE

Sugar Grove, July 22—Mrs. Elmer Frodelius was hostess to the annual picnic meeting of the Women's Missionary Society of the Presbyterian church. Mrs. Carl Ferrin told many interesting things about the Synodical meeting of the Presbyterian church at Philadelphia. A delicious picnic supper was served. The July social meeting of the Try Company Class was held in the church parlors Tuesday night. Mrs. Conrad Youngberg, vice president, presided at a short business meeting. Mrs. Donald Abbott will entertain the August meeting. The fire company was called to the James Lacey farm near the Forest church, Saturday afternoon, when the barn was struck by lightning. No fire was started but the building was badly damaged. Following the regular meeting of the Rebekah Lodge Friday night, eight boxes were packed for boys from the local I. O. O. F. lodge in service. A social time with refreshments was also enjoyed. Corporal Clarence Duell, stationed at Fort Lewis, Washington, who was called here by the death of his sister, Mrs. Gladys McKelvey of New York, came home by air and following the funeral spent several days in New York, accompanying his niece, Miss Virginia White, who was spending the summer there with her mother, home. Several interested persons spent Sunday afternoon at Camp Bird-sall Edey with the Girl Scouts. Mrs. Vernon VanHorn took her small daughter Navarre to their home in Greensburg, Sunday. The child has recovered enough from her accident on Memorial Day, to have a cast on her leg. Delmar Mickelson, accompanied them to their home returning home Monday. Mr. and Mrs. Frank Conklin, Mrs. Winnifred Bohn and Mr. and Mrs. Lewis Barlow, were recent guests of Mr. and Mrs. Donald Conklin, at Hamburg, N. Y. Mrs. John Phelps has been confined to her home several days by a severe case of ivy poisoning. Miss Janet Whitford, of Celoron, is the guest of Mr. and Mrs. Conrad Youngberg. Mr. and Mrs. O. D. Barlow and Mr. and Mrs. F. A. Schoonover,

and some people expect to win this WAR by "CLOSING THEIR EYES"

Warren, Pennsylvania,
July 19, 1942

Mr. H. B. Meacham,

Dear Sir:

Please find enclosed \$1.00 for the USO Fund. Am so sorry that we are not able to give more.

I was dismayed when I read in Wednesday also Thursday night's paper how far we are behind the quota we were asked to give.

It seems as if so many of our Warren folks are not yet "war conscious" or are taking that "Let George do it" attitude. They do not seem to realize the seriousness of the situation---will not read or listen to the radio because it makes them feel bad."

I have failed to see the names of many of my friends on the list who could give a lot and not be even making a sacrifice.

I am really much concerned and do wish folks would awaken and do their part.

Sincerely,

(Signed) Mrs. J. N. Grady,
414 Hazel Street.

HOW IT STARTED

The name "cowboy" did not originate in the west. It first was used in connection with a band of desperadoes who plundered cattle from farmers during the Revolutionary War.

LONDON'S FIRST DIRECTORY

First directory of London had a royal origin. It was started by Charles I, who wanted a list of the citizens who could loan him money.

It takes 71 railroad trains, each with a minimum of 20 cars, to move an Army division of 15,000 men with weapons and equipment.

Mr. and Mrs. Frank Conklin, Mrs. Winnifred Bohn and Mr. and Mrs. Lewis Barlow, were recent guests of Mr. and Mrs. Donald Conklin, at Hamburg, N. Y.

Mrs. John Phelps has been confined to her home several days by a severe case of ivy poisoning.

Miss Janet Whitford, of Celoron, is the guest of Mr. and Mrs. Conrad Youngberg.

Mr. and Mrs. O. D. Barlow and Mr. and Mrs. F. A. Schoonover,

were weekend guests of friends in Ellwood City, Pa.

Mrs. John Ruhling, and daughter Ruth, of Pittsburgh, are spending some time here at their summer home on Seminary street, Mr. Ruhling spending the weekend here.

Margaret Joan, baby daughter of Mr. and Mrs. Kenneth Williams, of Warren, was baptized in the Presbyterian church, Sunday morning by the pastor, Rev. Carl Ferrin.

Miss Ruth Schoonover was the week guest of friends in Corry.

Fulton McKay, who is attending summer school at St. Bonaventure College, was unable to return there Monday morning on account of the flood conditions in that vicinity.

Mr. and Mrs. Neil Scott and daughter Ruth Ann have returned from spending a week at a cottage on Chautauqua Lake.

TRAFFIC WORSE THAN WAR

Traffic deaths during the past seven years have been greater than the total number of Americans killed in all the wars in the history of the United States.

Psychologists now declare that mental and visual perception is much more important in a flyer than co-ordination.

Mill Street Becomes a Mill Stream

Residents waded along Mill street in Port Allegany, where water 10 feet deep raged during flood. Between water in foreground and hill is the Allegheny river.

House Wrecked in Flood

A family surveys the wreckage of a house in Austin, which was torn from its foundation by the devastating flood which inundated northern Pennsylvania and southern New York.

Farmer's Truck Buried in Flood

Farmer Bert Green digs his car out of flood debris on the road between Coudersport and Austin. Flood waters stalled the vehicle, but Green managed to escape before a cloudburst sent rocks and mud onto the road.
